Wiltshire Council

INTRODUCTION

The communities of Wiltshire have risen to the challenge of COVID-19 to make sure people are supported through this very difficult time. The council has collated all the community groups we have identified so far so that those who need support for themselves or a loved one can make direct contact. In the time available we have only been able to collate this directory and therefore this is not an endorsement of the groups listed but it is for you to decide what use you will make of the offers of support at this time.

If anyone uses a community group and has concerns about the response/practice please inform us by emailing areboards@wiltshire.gov.uk giving the clear reasons for your concern.

The council wants to ensure that everybody can access the support they need. If you make contact with a group and they cannot help or you do not get a response within the required timeframe, then please do not hesitate to contact the council by emailing areboards@wiltshire.gov.uk and we will ensure you get the support you need.
